### Common Council Directs Executive Committee To Take Steps To Save Water—ortrait Committee Named —Copies of Milk Ordinance To Be Distributed.

The August meeting of the court of  
common council, held on Monday night  
was called to order at 8.15 o'clock  
by Mayor Charles P. Thayer, with  
only Councilman Woodworth and Alder-  
man Whiting absent. It was lengthy  
meeting, which was not adjourned till  
close to 10 o'clock, the largest part of  
the time being occupied in the read-  
ing of the report of the audit of the  
city accounts by William C. Newell  
of interior.

The reading of the minutes of the  
previous council meeting was omitted as  
usual. Alderman Ely called atten-  
tion to the fact that the printed  
pages of the journal were not num-  
bered in consecutive order, and a mo-  
tion was offered to see that this was  
done. Under the rules the motion was  
referred to the executive committee.

The mayor remarked that he noticed  
the bills on the water department were  
not printed as those of the other  
departments. He thought they ought  
to be printed like the rest.

City Clerk Stephen D. Moore read  
his return of the publication of the  
milk inspection ordinance, and the re-  
solutions were accepted, the ordinance be-  
coming a law.

Auditor's Report.

Clerk Moore then started upon the  
task of reading the auditor's report,  
which kept him busy for nearly three-  
quarters of an hour. Auditor New-  
comb made a number of recom-  
mendations. He renewed his former re-  
commendation that the city clerk should  
be paid a salary. In the street de-  
partment he reported outstanding bills  
to the amount of \$2,875.38. He recom-  
mended that these bills be paid, and  
recommended that the department from  
1904 to date, and recommended that  
the bills be paid.

The auditor summed up the total indebted-  
ness of the city as \$935,000 in bonds,  
\$1,475,700 in public works, \$5,627-  
42; gas and electric department, \$2-  
472.95; park department \$211.40; fire  
department \$2,195.36.

On motion of Alderman Gebrath the  
report was accepted and ordered printed  
in the journal.

The report of City Treasurer Ira L.  
Peck was presented and ordered printed  
in the journal.

A detailed report from the street de-  
partment was presented, showing total  
expended for the month of July, 1910,  
\$1,475.70. Sixty men had been employed  
in the first week of the month and 80  
in the last week. It was accepted.

Mayor Thayer reported that the ex-  
ecutive committee had acted on the pe-  
tition of Daniel Casey for the removal  
of a tree and the petitioner now did  
not want the tree removed. It was  
voted he be given leave to withdraw.

Action on Petitions.

Several petitions were referred to the  
executive committee as follows: Of  
James McGarry for a new sidewalk  
between the city and a tree at 46  
Washington street; of W. C. Farrington  
for the removal of two dead trees at  
No. 24 Oneco street; of John H. Barnes,  
for the removal of a tree at 46  
Washington street; of John H. Barnes,  
for the removal of a tree at 46  
Washington street; of John H. Barnes,  
for the removal of a tree at 46  
Washington street.

By his attorney, John H. Barnes, a  
petition came from Patrick Callahan  
praying to have a lien removed which  
had been filed against him on account  
of the construction of the sewer in  
Roath, Cliff and Division streets. He  
claimed not to have received notice of  
the sewer hearing. Mayor Thayer re-  
solved that this be referred to the  
corporation counsel. It was so voted on  
motion of Alderman Ely.

William McNeely and Fannie J. Mc-  
Neely, whose petition had been before  
the executive committee, were given  
permission to connect their property at  
No. 490 Boswell avenue by private  
drain to the Eleventh street sewer,  
subject to the usual restrictions. Simi-  
lar action was taken, allowing a drain  
from the property of Theresa Foley to  
connect with the Eleventh street sewer  
and also allowing George M. Hyde to  
connect 48 Tenth street with the  
Eleventh street sewer.

A communication from the water  
board was received accompanied by  
the petition of Lucius Brown and a  
dozen others to the board, asking that  
waste of water be stopped by prevent-  
ing the use of hose and street  
sprinkling. The water board submitted  
the question of street sprinkling  
to the common council.

On motion of Councilman Woodworth  
the rules were suspended to allow of  
action on this being taken without  
notice. The executive committee con-  
sidered the question of street sprinkling.  
He proposed discussion of the matter.

Alderman Gebrath stated that the  
public works committee had been con-  
sidering the use of oil instead of water on  
streets and the councilman asked  
if they were prepared to do so.

Mayor Thayer said it was a question  
if the money appropriated for water-  
ing could be used for oiling. In Hart-  
ford the corporation counsel had ruled  
that it could not.

On motion of Councilman Woodworth  
it was voted that the executive com-  
mittee take steps as soon as possible  
to use oil or other material and do  
away with the water sprinkling.

Salary of \$300 Voted.

The water board sent the required  
notification of the election of John T.  
Ryan as its president. This was ap-  
proved and his compensation fixed at  
\$300 per year, on motion of  
Councilman Briggs.

An invitation from the League of  
American Municipalities to send dele-  
gates to their 14th annual convention  
at St. Paul in August was referred to  
the executive committee.

Mayor Thayer reported that the ex-  
ecutive committee had received a re-  
quest that Frank Geer be added to the  
list of special constables, and he  
was so elected.

Volumes from Norwich, England.

A communication was read, which  
accompanied the gift to this city from  
the city of Norwich, England, of cop-  
ies of volumes 1 and 2 of the English  
city records. On motion of Alderman  
Gebrath the executive committee was  
directed to draw up suitable resolu-  
tions.

Councilman Geer moved that the  
books be presented to the Otis library.  
The motion was carried.

Alderman Parker suggested that they  
be presented to the Slater Memorial  
museum. This was passed.

On motion of Alderman Gebrath,  
300 copies of the milk inspection or-  
dinance were ordered printed.

Councilman Woodworth asked that  
the charter revision commission might  
be given copies of the auditor's re-  
port. Clerk Moore said they directed  
Clerk Moore to attend to it.

Hearing on Park Entrance Ordered.

Alderman Parker presented a com-  
munication from President Joseph P.  
Fanning of the board of park com-  
missioners on the Washington street  
entrance to the park. The board of  
park commissioners suggested that the  
meeting of the court of common coun-  
cil on September 5. This was voted.

Alderman Gebrath reminded the  
council that there had formerly been  
a portrait committee to secure pic-  
tures of former mayors of the city, and  
he moved that Alderman Parker be  
made such a committee of this coun-  
cil.

It was so voted, and Mayor  
Thayer said he understood that rela-  
tives of the late Mayor Calvin L.  
Harwood were ready to furnish a pic-  
ture of him.

The following list of monthly bills  
was presented and ordered paid: Wa-  
ter department \$3,645.93; department  
of cemeteries \$727.47; police depart-  
ment \$2,151.44; street lighting \$76.02;  
finance department (May) \$5,650.49;  
June \$11,475.70; public works \$5,627-  
42; gas and electric department, \$2-  
472.95; park department \$211.40; fire  
department \$2,195.36.

On motion of Councilman Geer it  
was voted that the bills for the gas  
and electric department be printed  
in the journal like the others. The  
meeting then adjourned 9.55.

### NEW TRACK ON YANTIC LINE.

80-Pound Rails from Wightman's to  
Yantic—Other Work on Trolley Road.

On Wednesday morning the Connec-  
ticut company will begin laying new  
track on the Yantic line, starting at  
Wightman's switch and continuing  
north to the Yantic bridge at Av-  
ery's greenhouse, Bean Hill. Road-  
master Thomas Gulman will be in  
charge of the new track and will  
have a gang of thirty men engaged.  
The track for the major portion of  
the distance between the city and  
Wightman's switch has been recently  
laid. To continue the heavy 80-pound  
rail to the bridge will take about a  
month's time. The rail and spikes  
have already been distributed along the  
line.

The new construction work at New  
London in Montauk avenue "on the  
Ocean beach line, was finished up on  
Monday by Roadmaster Gulman's men,  
although when the city gets through  
its road work there, there may be a  
little's cleaning up to do. The job  
men from Foreman J. H. Humphreys  
gang, who have been assisting Fore-  
man Harry Nooney on the overhead  
construction work also ended their  
work in New London Monday. In all  
about 3,500 feet of track were laid,  
of which 1,200 was double tracking.  
Eighty-pound rail was used and it is a  
job of which the company and its  
track force may justly feel proud.

Roadmaster Gulman will send  
his men down to North Stonington  
after ties for the Yantic line.

### WEDDING.

Tylena-Niedzwiecka.

Witold Tylena and Alexandra  
Niedzwiecka, two Polish residents of  
this city, were united in marriage on  
Monday by Roadmaster Gulman's men,  
J. J. Ambot of St. Joseph's church.  
They were attended by a numerous  
party of friends for the ceremony. The  
groom is a gummer and lives at 618  
East Main street. The bride resides at  
644 Boswell avenue.

City Treasurer Ira L. Peck's sum-  
mary of receipts from May 16, 1910,
